

Letter to the Editor

Inclusion of co-authors of the study “Bone grafting on the skull: Basic principles for bone integration”

To The Brazilian Journal of Plastic Surgery

I hereby request the inclusion of the coauthors listed below:

1. Dr. Milan Gutenberg Vargas Velazquez
2. Dr. Charles Camacho Humberto Villegas

I would like to clarify that these foreign assistant physicians have significantly contributed to the work published in the Brazilian Journal of Plastic Surgery, 2010;25(4):617-23.

Sincerely,

Antonio Macedo

Plastic surgeon, Staff Coordinator,
Benificência Portuguesa de São Paulo, São Paulo, Brazil
Member of the Brazilian Society of Plastic Surgery

Correspondence received: March 30, 2011

Editors' Note: According to the Instructions to the Authors, available in printed format and on the website of the Brazilian Journal of Plastic Surgery (www.rbc.org.br), “Authors are responsible for the content and information in their manuscripts”. Thus, it is important to emphasize that the authors are responsible for all information contained in their articles, whether scientific or not. Moreover, one must note that prior to publication, the proofs of all articles are sent to the principal author, with the objective to revise the text and correct any errors, inaccuracies, or omissions.
